OLADELE TIJANI SHEU

LEAD FULL STACK ENGINEER | SOFTWARE ARCHITECTURE | APPLICATION SECURITY

+234 802 244 0045 • oladeletijani89@gmail.com • Lagos, Nigeria

Portfolio | GitHub | LinkedIn

PROFESSIONAL PROFILE

Full Stack Engineer and technical lead with 10+ years of professional experience spanning software delivery, operations and digital transformation, including hands-on full-stack engineering experience since 2021. Builds and improves web platforms across frontend, backend, databases, integrations and deployment workflows. Experienced in leading Agile teams, strengthening application security, automating delivery pipelines and translating business needs into dependable software. Combines React, Next.js, TypeScript, Node.js and Python expertise with practical application-security knowledge, including OWASP-aligned reviews, Burp Suite testing and Linux hardening. Open to remote, hybrid and international relocation opportunities.

TECHNICAL EXPERTISE

Frontend Engineering: React, Next.js, TypeScript, JavaScript, Tailwind CSS, responsive UI

Backend & APIs: Node.js, Express, NestJS, Python, Django, REST APIs, GraphQL

Data & Storage: PostgreSQL, MySQL, MongoDB, Redis

Cloud & Delivery: AWS, Docker, CI/CD, GitHub Actions, Jenkins, deployment automation

Application Security: OWASP Top 10, Burp Suite, penetration testing, secure SDLC, Linux hardening

Leadership & Delivery: Technical leadership, Agile/Scrum, mentoring, project management, cross-functional delivery

PROFESSIONAL EXPERIENCE

FULL STACK ENGINEER | 2021 – Present

Zulfah Academy • Lagos, Nigeria

- Architected and delivered 10+ production-grade full-stack applications using React, Node.js and PostgreSQL, supporting thousands of active learners across the platform.
- Reduced identified application security vulnerabilities by 40% through code audits, OWASP Top 10 reviews and the adoption of secure software development practices.
- Led and mentored a five-person cross-functional Agile engineering team; introduced GitHub Actions CI/CD pipelines that increased deployment frequency by 20% and reduced release errors.
- Integrated Paystack payment processing, streamlining tuition collection and reducing manual payment reconciliation by 80%.
- Performed application-security testing with Burp Suite and addressed injection and authentication weaknesses ahead of major production releases.
- Designed and delivered practical software-engineering and cybersecurity training to 100+ students, with an 85% course-completion rate.

ASSOCIATE MANAGER — OPERATIONS & DIGITAL TRANSFORMATION | 2012 – 2021

Eko Pearl Nigeria Ltd • Lagos, Nigeria

- Led a company-wide digital-transformation programme, automating core manual workflows and reducing operational overhead by 30% over three years.
- Managed regulatory and operational compliance, supporting clean internal and external audit outcomes across nine consecutive years.
- Coordinated cross-departmental projects and teams of 10+, delivering milestones on schedule and within budget.
- Designed and deployed real-time operational dashboards that reduced executive decision-making lag by 50% and improved business-performance visibility.

SELECTED PROJECT

Farmeely — Backend Platform: Designed and developed backend services for a platform covering user accounts, product workflows, order/payment states and administrative operations, using Node.js, Express and MongoDB. Supporting technologies include JWT-based access control, Redis, Swagger/OpenAPI and structured data-access utilities.

Portfolio & Selected Builds: Portfolio showcases work across AI-enabled health tools, learning-management platforms, fintech dashboards and cybersecurity tooling. Live demonstrations and project context are available through the portfolio link.

CERTIFICATIONS & EDUCATION

Cybersecurity & Ethical Hacking — Zulfah Academy

Software Engineering Bootcamp — Zulfah Academy

Project Management — FusionTek, USA

B.Sc. Business Administration — University of Lagos, 2010
